Drug Screening for Interpreters

Hospitals are now requiring that all Interpreters be Drug Screened.

Drug screening is now required to be done every six (6) months. For Drug screening contact your family doctor for a Drug test order, ask for a standing order. Your physician's office should advise you on which Screening Laboratory will accept your insurance.

Clear 9-panel urine drug screen test administered by an HHS-certified Laboratory, administered no earlier than thirty (30) days prior to the effective date of contract and to be re-administered twice a year.
